Annual report Year 2011-2012

Name of the program: Girls education program

Agency: Room to Read, New Delhi

Purpose: To provide support to girls who are not having access to education & were unable to continue their education due to the poor economical status of the family. The organization has been supporting the families of selected young girls for better living by linking them to various government social security schemes. The proposed expected outcome of the intervention was that the selected girls would clear their exams for their own future growth.

Activity: In the given year the educational support were provided to 203 girls from tribal community. **Education centers opened at the village level** played an important role in ensuring education to all the selected girls. PGVS also organized **Tutor training** for teachers in Education Centers. The objective of this training was to taught method & technique for teaching. We was facilitated 5 **Balika Panchayat**. The girls were raising their issues in front of panchayat members.

Quarterly meeting was done with Parents of selected students. In these **Parents Meetings** discussions were done on role of School Management Committees, monitoring the education progress. We were **distributing educational things** like Dress, bag, pen, books, sweater, Stationary/books etc. to 208 girl's students.

Trainings on '**Life Skill**' were held in 2011 also. The main objectives of this workshop in the proposed year was to develop understanding on social system, Gender discrimination, malnutrition among children's for development, health related exercised etc. the girls come forward and discussed their problems . They have been oriented about their role and responsibilities. Total 203 tribal & 5 dalit students were participated in this life skill training. **Science Meela** was one of the interesting activities. All girls was took part in this. The objective were to enhance understanding of girls about the science and develop curiosity within them. Apart of this various activities were carried out such as Exposure visit (Anubhaolabhayatra), teacher training, women group meeting, Uddan camp, program evaluation, regular staff meeting etc.

Along with that **Health checkup camp** were also organized by PGVS three times in a year 2010-2011. In this camp the government Doctors were called for health checkups and shared the information with people regarding health issues and illness.
